How to respond to "buy me a drink" (curious? you should be)

Hey _____,

Have you ever been talking to a girl and she **RANDOMLY** insults you? You know that feeling you get when you realize that she is actually rejecting you **RIGHT HERE** and **RIGHT NOW**? Your stomach jumps into your throat, doesn't it? Or when you walk up to a chick and she puts you on the spot by demanding you to do stuff for her?

"Buy me a drink..."
"Wait here while I go to the bathroom..."

I do. And I remember when I didn't know how to respond in a way that would actually make her **CHASE** me instead of reject me. It was like everything was riding on whether or not she smiled when I said 'Hi' or if she made that who-the-hell-are-you face when I said 'Hi'.

I want you to know what I learned to say that gave me the power to turn any response from her into a smile. It really made it all ***click*** for me.

<http://thetaoofbadass.com/>

She'll be awe-struck when you respond to her secret 'test' with the things I say which I've tested, and are proven to work on woman after woman after woman...

You might have already heard about my friend Joshua Pellicer.

There's a reason why he's being chased around by every major news media in the country.

There's a reason why Sirius XM radio offered him a show where he taught the secrets of how to meet and attract women. There's a reason why most of my professional dating coach friends go to HIM for advice with women when they hit road-blocks...

He's this community's best-kept-secret. No doubt about it.

And he's opened up a great free video series teaching one of my biggest "Ah-ha! moments" of all time. You'll know how to see the 3 secret tests that women are giving you. And he'll teach you the right things to say back to pass those tests.

If you want to get to a mastery level of interacting with hot women, if you want to keep the attraction going once you've got your foot in the door, then just trust me - check out what Joshua's going to tell you about it:

Bottom line: don't miss this, because the opportunity to learn this level of skill comes along **VERY RARELY**.

Cheers.
